Summary

Full-Stack Developer currently pursuing MCA with experience building responsive web applications using React, Next.js, Node.js, Express.js, and MongoDB. Passionate about developing scalable applications, clean UI, and REST APIs. Strong foundation in modern JavaScript development and problem solving.

Professional Experience

06/2026 – 08/2026

UNIFIED

Full stack developer internship

During my internship, I independently developed three full-stack web applications, handling the frontend, backend, database design, server-side development, testing, deployment, and live production hosting.

02/2025 – 09/2025

TETRA TRION

Full stack development training

During my training, I developed practical knowledge of backend development, server-side programming, testing, and deployment through real-world projects.

Education

02/2025 – 2026

MCA

Gandhi institute of bussiness management (GITAM)

2022 – 2025

BCA

Institute of business management and technology (IBMT)

Skills
